6) Webinar On 2D Animation, Graphic Designing,3D Animation

The screenshot shows a Zoom meeting in progress. At the top, it says "Recording..." and "You are viewing Rohit Vitthal Pawar's screen". Below that, it indicates "4 people entered the waiting room". The main content is a presentation slide with the title "What Is Animation?". The slide lists three points:

- ▶ Animation is a method in which **figures** are manipulated to appear as **moving images**.
- ▶ In **traditional animation**, images are drawn or painted by hand on transparent **celluloid sheets** to be photographed and exhibited on **film**.
- ▶ Today, most animations are made with **computer-generated imagery** (CGI).

The Zoom interface at the bottom shows controls for Unmute, Start Video, Security, Participants (52), Chat, Share Screen, Reactions, Apps, More, and an End button.

The poster features a close-up of Chewbacca's face. Text on the poster includes:

- Rohit Pawar**
Mentor
NAC Animation Institute
- NAC ANIMATION INSTITUTE PVT. LTD**
SCHOOL of VFX & ANIMATION
For FILM & GAMES

7) Webinar On Big data Analytics organized by Computer Department

REC Profound Edutech Nashik is presenting

Introduction

- Profound Edutech provides services in the area of IT training, Consulting, Staffing etc.
- Profound Edutech is an institute driven by the agenda to equip students with the right mix of a sound understanding of the fundamentals and a good comprehension of the newest in Information Technologies, thereby increasing their employability quotient. The IT field is one of the most 'happening' areas with new tools and techniques coming up at a fast pace. Understanding the technological mismatch this creates, Profound is mandated to update the knowledge and skills of those in the industry through tailor-made courses.
- The IT sector can be imagined as a triangle with the students, educational institutions and corporate bodies occupying its three corners. Profound has been incorporated with the aim of bringing these three distant points closer through academic partnerships, corporate alliances and student placement ties.
- The curriculums of our institute are well-designed, validated courses to bridge the technology gap between academia and industry through academic partnerships and corporate placements and competent, well-trained and informed faculty.
