INDEPENDENCE DAY

The Independence Day of India, which is celebrated religiously throughout the Country on the 15th of August every year, holds tremendous ground in the list of national days, since it reminds every Indian about the dawn of a new beginning, the beginning of an era of deliverance from the clutches of British colonialism of more than 200 years. It was on 15th August 1947 that India was declared independent from British colonialism, and the reins of control were handed over to the leaders of the Country. India's gaining of independence was a tryst with destiny, as the struggle for freedom was a long and tiresome one, witnessing the sacrifices of many freedom fighters, who laid down their lives on the line.

It is a 10-day celebration denoting the arrival of Ganesha on earth, the lord of success and knowledge. It starts on the fourth day (Chaturthi) of the Hindu month of Bhadrapada (August–September). On the first day of this celebration, specially crafted idols of Lord Ganesha are installed in homes by devotees and on the last day of the celebration, the idols are immersed in a water body. During the 10-day celebration period people enjoy eating modaks and sing hymn (aartis) dedicated to Lord Ganesha. TEMPLE CLEANING

In every group there were around 11 students, they sub divided their work as per their interest. They planted around 20 plants saplings. Volunteers worked and made the temple area clean and green. One of the NSS Volunteer did tremendous effort by making water path connecting all plants saplings. they shared all the food items equally and enjoyed the good taste, as it was very well prepared. With his small hands, he cut-off too many grasses, that became inspiration for many other students as well. The event was called off by 11:30AM in morning. The students had really worked hard in the programme. Towards the end a wonderful speech was delivered by NSS officer in that he thanked all for participating in the event and also told that we are the future of the nation.
